Full range of investment strategies and trading services

Your advisor can leverage Schwab Institutional's depth of investment products, experienced traders and the flexibility to access investment alternatives throughout the financial community to make appropriate choices for your unique investment situation.

Because we focus on service, not sales, the trades your advisor places on your behalf are handled by an institutional trading team whose priorities are to represent your best interests and deliver quality execution.

Equities

Schwab Institutional equity specialists have access to all major national and regional exchanges. If your advisor trades listed or over-the-counter stocks, large orders or thinly traded issues, Schwab specialists are available to help with the order, striving to obtain the best price.

Fixed income

If your advisor recommends government, corporate or municipal bonds, a Schwab fixed income specialist works to locate the most favorable combination of rates and maturities.

Mutual funds

If your portfolio includes mutual funds, your advisor can work with Schwab Institutional's mutual fund trading desk, eliminating the need to contact each fund family separately.

Schwab's Mutual Fund Marketplace® offers:¹

- One-stop access to more than 5,900 mutual funds.
- More than 400 well-known fund families.
- 2,600 funds available exclusively to investment advisors.

Safeguards designed to protect your assets

Schwab believes that asset security measures, those required by our industry's regulators and the additional levels we elect to offer, can provide the protection investors seek when choosing a custodian.

Compliance with governmental mandates

As a registered broker/dealer, Schwab is subject to the rules and regulations of the Securities and Exchange Commission, the National Association of Securities Dealers, the Municipal Securities Rulemaking Board and all other exchanges of which Schwab is a member. These regulatory entities have established financial responsibility rules designed to help safeguard client assets.

Accurate company financial reports

SEC Rule 17a-5 requires all registered broker/dealers to routinely file periodic reports—regulatory and surveillance information providing accurate detail of their current financial and operational

condition. Schwab files these reports both monthly and quarterly for full disclosure of the state of our company.

Comprehensive asset insurance

Since Schwab is a member of the Securities Investor Protection Corporation (SIPC), the assets you place with us are insured by this entity—up to \$500,000 of protection for each separate account capacity you hold with us, with a limit of \$100,000 for claims of cash balances.

Additional account protection is provided through Underwriters at Lloyd's of London. Under the policy secured with Lloyd's underwriters, the additional protection of securities and cash is provided up to an aggregate of \$600 million, limited to a combined return to any customer from a Trustee, SIPC, and London of \$150 million, including cash of up to \$900,000 by the London policy.

This additional protection becomes available in the event that SIPC limits are exhausted.

Account protection does not cover fluctuations in the market value of your securities. Account protection is not provided for accounts that are maintained by banks or broker/dealers.

Schwab's internal standards

We understand that investors want to feel confident that their assets have been placed with a company that is financially healthy. To that end, we set aggressive business standards designed to position our company for long-term health and stability.

Strict business practices

We strive to remain our investors' strongest financial resource through business practices that place an emphasis on:

- Prudent expense management – We keep a close eye on operational expenses to prudently manage our company. In a difficult market environment, we adjust expenses where necessary on a quarter-by-quarter basis.
- Diversified revenue mix – By increasing our reliance on fee-related services and balance-related incomes, rather than trading commissions, we strive to increase the stability of our revenues during fluctuating market conditions.
